

super Q

High flow BLDC ceiling fan

Comfort is
High Flow
Not High Speed

Healthy Airflow

Highest Efficiency

Quieter Comfort

INDIA'S MOST ENERGY EFFICIENT CEILING FAN

50% more efficient
than any other
5-star rated fan.

20% 20% more
airflow than
any ceiling fan.

Winner of
**Appliance
of the year**

National Energy Conservation Awards
from Bureau of Energy Efficiency
under Ministry of Power, Coal, of India

Shaped for Comfort: Airflow Redefined

We developed this Super Q blade shape to simulate a natural breeze. Our unique shape is crafted with precise dimensions to deliver high efficiency, quieter airflow, and healthier comfort.

super Q

For every room

super Q blade shape is designed to maintain efficiency and comfort at all sizes from 24 in. to 60 in

Large
5 Feet
Fan

Technical Specifications

Parameters	Size Variants					
Span (mm/inches)	24" (600mm)	36" (900mm)	42" (1050mm)	48" (1200mm)	56" (1400mm)	60" (1500mm)
Typical speed (RPM)	420	320	280	270	230	210
Typical input power (Watts)	20	25	25	35	35	40
Air flow (m3/min)	120	150	210	260	300	340
Service value (m3/min/watt)	6.0	6.0	8.0	7.4	8.0	8.0

Rated supply: 230Vac (50Hz)

Power factor: >0.9

Voltage range : 90 to 300 Vac
